

Beautiful Wonder
Geneva Renée

GENEVA RENÉE

One of the most versatile soprano vocalists in the DMV area, Geneva Renée generates encouraging energy everywhere she performs.

Geneva Renée can still hear her mother's words, "Go ... go ... go!", whispered at a moment when the singer was at a crossroad of deciding whether to pursue her dreams or to stay home to care for her ailing, single parent. Those little words instilled the courage and provided the direction that Geneva Renée needed to heed the call of her heart ... go sing.

An adult-contemporary-soul singer and songwriter, Geneva Renée hopes that through her music, she can do for others what her mom did for her. In 2012, she released her debut album *Beautiful Wonder*, produced by Dinky Bingham, that includes the soul-stirring song, *She Presses On*, which was considered for nomination as Song of the Year in the 56th Grammy Awards; and was the official theme song for the National Centennial Founders Day DVD for the Delta Sigma Theta Sorority, Inc. Most recently, Geneva released her official music video online entitled, *In the Morning*.

The versatile mezzo-soprano, Influenced by the likes of Whitney Houston, Vanessa Williams and Celine Dion, Geneva Renée has been a soloist at nationally broadcasted events honoring President Barack Obama and President Bill Clinton.

As an artist, she has shared the stage with the stars including Diana Ross, Mariah Carey, and Maysa Leak; and has performed full concerts and opening acts in venues across the country including Chicago, NYC, LA, and DC venues such as Blues Alley, the Kennedy Center, and the historic Howard Theater.

Geneva Renée is the inaugural winner for NBC4/WRC television's singing competition, "Be a Voice V.I.P." where the grand prize was a VIP Audition for **NBC's The VOICE**.
